**SHOT DOWN IN HIS STORE.**

Ice Box Robbers Thought to Be Edward Wignin's Assassins.

Edward Wignin, a grocer at No. 194 1/2 West Washington street, was shot and seriously wounded by one of a trio of young men who entered his place of business at 10 o'clock last night. The three men, after examining his books, one bullet took effect in his neck and another in his left arm. The assailants then fled, but the police, who were alerted by the shot, followed them and recovered the stolen goods. The police think they are the ice-box robbers who have been making a specialty of robbing ice boxes in the St. Louis district.

According to Wignin's statement, he was alone in the store when the three men entered the front door. From their voices he perceived they were young men and paid no further attention to them until they walked back to the rear room. They passed him and were attempting to open a rear door when he called out to them. One of them replied that they wanted to see a person living in the rear. Wignin told them they could not go in, but they were angry and one of them pulled a revolver and fired. The first bullet struck Wignin in the neck. He jumped up to grasp his hat and ran to the rear door. At the second shot Wignin threw up his left arm and the bullet entered the back of his head.

At the first shot the two companions of the fellow with the revolver ran out of the store. The third man, who was armed with a second shot the third man hurriedly followed his companions.

The shooting attracted the attention of the neighbors, and Officer Roche was summoned, who called an ambulance and removed Wignin to the City Hospital, where Doctor Amyx, who treated him, said that his wounds were serious, but not very dangerous.

Wignin, at the City Hospital, said that he did not know the assailants, but that they were about 18 years old, and of the type of the young men who had been in the neighborhood for some time. He said they were dressed in the manner of the young men who had been in the neighborhood for some time. **TROUBLE FOR NORDICA.**

Lily Langtry Stirs Up a Tempest in London.

SPECIAL BY CABLE. London, June 23.—Copyright, 1900, by W. R. Hearst.—Lily Langtry is planning deep revenge on Lily Nordica, the operatic soprano, for a slight the latter inflicted on her in America. When Langtry was giving her charity entertainment in New York for the benefit of the English war fund, Nordica, who was asked to sing, and Nordica refused, asked her to sing, and Nordica refused, asked her to sing, and Nordica refused.

When Langtry recently arrived in London she complained to the Prince of Wales about Nordica, and now the story is circulated that the English society woman has been asked to sing.

Most Considerate Man.

"Yes, I think his marriage showed him to be a most considerate and kind-hearted man."

Considerate and kind-hearted. Well, I admit that she's not beautiful, but she's worth a lot of money and wouldn't have suffered for a husband if he had never seen her.

"I don't mean that he showed consideration for her, but for his creditors."—Chicago Evening News.

Deputy F. N. Johnson Denies That He Discharged His Revolver Into the Crowd.

ROBBINS CORROBORATES THIS.

He Was Arrested by the Posseman at the Time of the Riot—Colonel Cavender on the Stand.

Five witnesses were examined yesterday at the inquest on the three men killed in the Washington avenue riot. The inquiry will be resumed at 9 a. m. to-morrow and probably will be concluded by then.

An effort is being made to ascertain whether any of the members of Company F who were not present at the barracks on Tuesday when an attempt was made to identify those who used their weapons in the riot participated in the shooting.

Colonel Cavender testified yesterday that nineteen members of the company had been assigned to serving subpoenas for the coroner and that six had been transferred to other duties. Several had been discharged.

Deputy Arthur Brockman, who is clerk of Company F, and who was present as a witness, was instructed to prepare a list of the transfers and discharges for the information of Colonel Lloyd.

Deputy Frank N. Johnson of Company F, who was said by several witnesses to have fired his revolver into the crowd, was summoned yesterday and denied having discharged his pistol. He made a clear statement of the part he took in suppressing the riot, his testimony being corroborated by Charles J. Robbins of No. 102 Montross avenue, one of the men whom he arrested.

Mr. Johnson said that he ran to Washington avenue with only his revolver. Just as the shot was fired which killed Thomas, he saw a number of uniformed men running toward the pile of bricks just west of the barracks and forced some of them back. One who resisted he grabbed by the collar and turned over to another deputy, who took him to the barracks. This man was W. H. Kennedy.

Seeing a crowd at Broadway and Washington avenue he started toward the corner, and as he neared Broadway a man ran out of the crowd with a revolver, which he discharged. This man started across the corner, and Johnson fired a shot at him. Johnson started toward a group of uniformed men who were coming to the corner, and he saw a man who was running toward him.

Johnson admitted yesterday to the jury that he fired a shot at the man who was running toward him. He said that he was running toward the man who was running toward him. He said that he was running toward the man who was running toward him.

Max Knoch, clerk in the drug store at the southeast corner of Sixth street and Washington avenue, was examined, but said that he simply heard the shot and saw the parade passing. He remained in the drug store until the riot was in progress.

## TRANSIT COMPANY'S RIGHT TO OPERATE.

Attorney General Crow Denies Report That He Contemplates Quo Warranto Proceedings.

EXPLAINS ORIGIN OF RUMOR.

Declares Attorney Priest Called on Him About Another Case—Ex-Governor Stone Retains About Plans.

The persistently circulated and published rumor that Attorney General Crow is about to bring quo warranto proceedings against the St. Louis Transit Company was yesterday denied by him in his reply to a communication with The Republic's correspondent at Jefferson City.

According to a special dispatch from the State Capital, the Attorney General is much surprised that the rumor should have been circulated. He said there was absolutely no foundation for it.

Asked if he could in any way account for the rumor, he said that it might have arisen out of the visit of Judge Priest, one of the transit company's attorneys, to Jefferson City on other business. Judge Priest went on Saturday to arrange with Attorney General Crow some matters in connection with a Continental Tobacco Company suit.

The rumor referred to gained considerable circulation yesterday, and was believed by many. It was to the effect that the Attorney General would institute an inquiry into the right of the transit company to operate under its present franchise, assuming that the franchise had been forfeited.

It was also stated that Attorney General Crow had been called on by the transit company's attorneys, to Jefferson City on other business. Judge Priest went on Saturday to arrange with Attorney General Crow some matters in connection with a Continental Tobacco Company suit.

## DYNAMITE PLOT, ORA'S ROUSE.

Transit Detective Confesses He Placed Explosive Under the Delmar Line Bridge.

SOUGHT TO PLEASE EMPLOYERS

Warrants Will Be Applied For by Chief Campbell—Nathan Farrand's Fake Battle With the Dynamitards.

Oran F. Havill, whose fertile brain conceived the idea of concealing a loaded plot to dynamite the bridge over the river des Paves, on the Delmar avenue division of the Lindell line, has confessed to the Chief of Police that he himself placed the dynamite where it was subsequently found by him and Clarence Smith, another transit employee, Thursday evening. The confession was made yesterday when he was confronted by Chief of Police Campbell, with absolute proof of his guilt. He admitted that the story of his overhearing a conspiracy between two strikers to blow up the bridge was a lie manufactured by him for the sole purpose of impressing the transit officials with the idea that he was a very useful man and indispensable to their interests.

Havill's confession places the transit people in an embarrassing position, inasmuch as it is almost a confession that most of the dynamiting and attempts at dynamiting of the cars of the company has been done by men of Havill's stamp and not by strikers or strike sympathizers. Indirectly, the developments growing out of the confession also show that the transit company has been deceived by a man who has been able to make a very useful man and indispensable to their interests.
